## Professional experience

### Senior UI/UX designer, Telus Digital, Oct 2022 - Jan 2025

- Delivered design concepts that led to the development of microservices, enhancing the scalability and efficiency of a digital platform.
- Led the design team, organizing sessions with other teams to ensure alignment and collaboration.
- Built and maintained reusable UI components used across both the internal and external interfaces of the platform, ensuring consistency and usability.

### UI/UX designer, Telus International AI, Jan 2021 - Sep 2022

- Conducted interviews with end-users to identify gaps on workflows and explored new scenarios.
- Designed the concept for a project management tool, from MVP phase to the final product.
- Created wireframes and prototypes for productivity tools, shaping intuitive and efficient user experiences.

### UI/UX designer, Globuzzer, May 2019 - Jan 2020

- Improved usability and user-engagement applying mobile-first approach.
- Proposed a new content strategy to attract new investors.
- Conducted user research to identify new scenarios and workflows.

### Web designer, Developer's Helsinki Oy, Nov 2015 - Aug 2018

- Created user interfaces using HTML, CSS, and PHP.
- Managed web content strategically using WordPress and ProcessWire CMS.
- Created animated banners for marketing purposes.
